SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release and sell one tract of land consisting of approximately 21.12 acres of airport property at the Myrtle Beach International Airport (MYR) under the provisions of 49 U.S.C. 47107(h)(2). On March 2, 2022, the FAA determined the request to release property at the Myrtle Beach International Airport (MYR) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request:

The Myrtle Beach International Airport (MYR) is proposing the release of airport property containing 20.12 acres, more or less. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at the Myrtle Beach International Airport (MYR) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances in order to dispose of the land. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for aviation use.

Any person may inspect, by appointment, the request in person at the FAA office listed above under FOR FURTHER INFORMATION CONTACT.

Issued in Atlanta, Georgia on March 4, 2022.

Joseph Parks Preston,

Assistant Manager, Atlanta Airports District Office,
Southern Region.
